## 1. INTRODUCTION / WELCOME

### 1.1 Welcome

#### 1.1 Welcome

Welcome to Croatia!

Welcome to Zagreb, Dugo Selo, Samobor, Sveti Ivan Zelina, and the Zagreb and Krapina-Zagorje Counties!

Welcome to the “51st ZAGREB DELTA RALLY” and thank you for joining thousands of European motorists and rally drivers who have participated in our event over the past years.

**TOMISLAV MARKT/MILENA MARKT  
WINNERS OF FIRST DELTA RALLY 1974.**

We hope you feel at home in our city of Zagreb, the Croatian capital whose citizens deeply value major sporting events, among which the “Zagreb Delta Rally” stands out as one with the longest sporting tradition.

You are arriving in a city where, back in 1906, the “First Croatian Automobile Club” was established. Its sporting successor today is the Croatian Automobile and Karting Federation (HAKS), the national governing body of motorsport in the Republic of Croatia (ASN).

We wish you a pleasant stay in our city, enjoyable sporting moments, and above all, sporting success that will inspire you to return to Zagreb, whether as athletes or travelers eager for new horizons.

#### 1.2 Event overview

The “Zagreb Delta Rally” is the oldest, most demanding, and most popular motorsport competition in the Republic of Croatia and is widely considered one of the highest quality events in this part of Europe. Established in 1974 by the then organizer Auto moto društvo “INA” from Zagreb as the “Delta TLX Rally”, it long sought a place under the European sun. Its European Championship status was finally achieved in 1992 when the International Automobile Federation (FIA) accepted its years-long candidacy. Thus, in June 1992, the first “European Delta” with coefficient 2 was held, marked as the 19<sup>th</sup> edition.

The organizers proudly emphasize that this was the first international sporting event entrusted to Croatian organizers of any sport after Croatia's independence as a free and sovereign state. Thanks to excellent organization and invaluable support from the main sponsor sporting enthusiasts and rally founders INA – Industrija nafte d.d. Zagreb together with support from top level state sports and political authorities, the FIA raised the rally's status in 1994 to coefficient 5, and in 1995 to the prestigious coefficient 10.

The “Zagreb Delta Rally” has become one of the most significant international sporting events in Croatia, with a rich history. The first competition in September 1974, scored for the (then regional) Croatian Championship, started in Delnice and followed a 283 km route through Gorski Kotar to finish in Opatija. Two special stage Platak (8.2 km, asphalt) and Učka (8 km, gravel) were included, with Tomislav Markt of the INA team winning.

It took three years for “Delta” to be included in the Yugoslav Championship. Starting from Preluk near Opatija, the 690 km route with five special stages passed through Ogulin, Delnice, Duga Resa, Sisak, and Zagreb. Of the 44 crews that started, the most successful was that of Slovenian driver Aleš Pušnik.

Nine more years of proving itself led to a promotion in competition rank. The 13<sup>th</sup> “Delta”, held in 1986, was entered into the FIA calendar as part of the Alpe Adria Rally Cup and an international invitational event. It attracted 75 crews from Italy, Austria, Germany, Czechoslovakia, Slovenia, and Yugoslavia. That year is also remembered for the first nomination for the European Championship. The 607,55 km route was divided into two legs with 17 special stages across six locations. Notably, the only all female crew Romana Zrnec and Špela Kožar from Slovenia in a Renault 11 Turbo won the rally.

Since then, the event has remained on the challenging and scenic routes near Zagreb, including Zagreb Mountain, the Samobor area, Žumberak, Plešivica, and Hrvatsko Zagorje.

The hardest period was during the war in Croatia. Despite numerous difficulties, organization remained impeccable. Under the Auto moto klub "INA Delta" Zagreb, the rally thrived an unprecedented rise in the history of the European Rally Championship. In 1992, the first European edition (won by Žarko Šepetavc – Nenad Krlić of Croatia) and the following 1993 event held coefficient 2 status. In 1994, it rose to coefficient 5 (Niko Pulić – Davor Devunić), and in 1995 to the highest, coefficient 10 (again won by Pulić and Devunić).

Thanks to strong ties and increasing reputation, more top foreign drivers began to compete including three-time European Rally Champion Enrico Bertone of Italy maintaining the high international level. FIA observers and committee heads confirmed this with the highest praise.

The current organizer, Auto klub "Delta" Zagreb, has continued pursuing the highest European rank since 1996, as the "Croatia Delta Rally", aiming for coefficient 20, then the top tier of the European Championship.

Could the "Delta" reach the World Rally Championship? That question was raised with serious optimism. The rally has the support of top Croatian sports and state institutions, quality sponsors, broad media coverage, and an organizing club with professional staff, volunteers, and advanced timing and results systems under "Delta Timing", used in Croatia, Austria, and Slovenia.

With solid organization and support from influential European rally sport advocates who recognized "Croatia Delta Rally" as a project worth supporting, the long-awaited news came at the end of 2006: FIA nominated the event for the 2007 European Championship. That year's winners were the Croatian crew Juraj Šebalj – Toni Klinc. The event remained at this level in 2008 and 2009.

Unfortunately, in 2010, due to unresolved financial issues, recession, and lack of sponsors, the 37<sup>th</sup> rally under the name "Delta" was canceled. However, the 48<sup>th</sup> edition "48th Zagreb Delta Rally" was part of the official FIA Central European Zone Rally Championship, with a possibility of advancing to higher FIA levels, such as the European Cup or Championship.

**This year, once again, the Zagreb Delta Rally is included in the FIA European Rally Trophy (FIA-ERT) for drivers and co-drivers.**

**15. LIST OF USEFUL FACTS AND SERVICES**

**15.1 Climate**

The climate of Croatia varies from Mediterranean along the Adriatic coast to continental, inland. The coastal areas have hot, dry summers and rainy winters yet the inland areas are cold in winter and warm in summer.

The coast benefits from refreshing winds in the summer and the mountain ranges shield them from bitter winds in the winter. Sea temperatures never fall below 10 degrees in the winter and in August it can be as high as 26 degrees, due to warm currents flowing north up the Adriatic coast. In spring and early summer a sea breeze keeps the temperature down along the coast. This breeze that usually starts around 9am is perfect for sailing. The islands benefit from up to 2715 hours of sunshine a year, the sunniest being Hvar.

Winter temperatures range from -1 to 30°C in the continental region, -5 to 0°C in the mountain region and 5 to 10°C in the coastal region. Summer temperatures range from 22 to 26°C in the continental region, 15 to 20°C in the mountain region and 26 to 30 °C in the coastal region.
